Refering to proposed Court Rule No. 2003-47

Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan asbestos disease victims their right to a jury trial. The Michigan constitution as well as the United States Constitution make it clear that judges are not to make the law but rather interpret the law. It seems that Michigan and the Michigan Supreme Court are being used as tools of the asbestos industry and big business to deny working people their constitutional rights to jury trials when harmed by corporate misconduct

Sincerely,
Mr. & Mrs. Gus Rucker
