Dear Sirs

I am refering to proposed Court Rule No 2003-47

I am opposed to the illegal and politically motivated effort to deny myself and others of their right to a trial by jury.

The Michigan Constitution as well as the United States Constitution makes it clear that judges are not to make the law but rather interpet the law. Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan Asbestos disease victims their right to a jury trial.

Thank you

James Spradlin
