Your Honors.

It has come to my attention the Court Rule no 2003-47. Since I am one of the person's affected by asbestos products and have already lost part of a lung, I would hope that the Court wouldn't rule against future law suits against the Asbestos industry.

" My point is one of many:

" It seems that Michigan and the Michigan Supreme Court are being used as tools of the Asbestos industry and big business to deny working people their constitutional rights to jury trials when harmed by corporate mis-conduct.
