

Name: Jane Rowley

Date: 04/26/2023

ADM File Number: 2022-03

Comment:

This rule essentially overrides the truth about a person's DNA. If those serving the court are forced to comply against the truth and their religious beliefs, then the Amendment is saying that no faithful lawyers or judges have a place in the court system.

How can that be?

Please abandon this amendment in respect of freedom of religion and freedom of speech.
