On May 27, 2026, this Court granted defendant-appellant's motion for immediate consideration. *People v Wilson*, unpublished order of the Court of Appeals, entered May 27, 2026 (Docket No. 372946). And, on its own motion, this Court held defendant-appellant's motion for partial peremptory reversal in abeyance until further order of this Court and remanded the case to the circuit court to reconsider whether defendant-appellant was entitled to an additional 56 days of jail credit. *Id*. On remand, the circuit court concluded defendant was entitled to additional sentencing credit.

After remand, this Court DENIES defendant-appellant's motion for partial peremptory reversal under MCR 7.211(C)(4) because it is moot. See *People v Ward*, 491 Mich 945; 815 NW2d 472 (2012); *People v Billings*, 283 Mich App 538, 548; 770 NW2d 893 (2009) ("Because defendant has already received the relief that [he] requested, this issue is moot.").
