The motion to waive fees is GRANTED for this case only.

The delayed application for leave to appeal is DENIED AS MOOT. Defendant seeks delayed leave to appeal a September 17, 2025 order denying his motion for relief from judgment. However, in an order entered on April 9, 2026, the trial court vacated the September 17, 2025 order. As the order appealed has now been vacated by the trial court, this application is moot.
