Docket No. 377958

LC No. 25-000000

The motion to waive fees is GRANTED for this case only.

To the extent the complaint seeks a writ of superintending control directed to the 36th District Court, the complaint for superintending control is DISMISSED for lack of jurisdiction. This Court has jurisdiction to issue a writ of superintending control "over a lower court or tribunal *immediately below it* arising out of an action or proceeding which, *when concluded, would result in an order appealable to the Court of Appeals*." MCR 7.203(C)(1) (emphasis added). The 36th District Court is not a court immediately below this Court, and an order of the district court is appealable to the circuit court, not directly to this Court. Thus, this Court lacks jurisdiction over the complaint to the extent it seeks a writ of superintending control directed to the 36th District Court.

To the extent the complaint seeks a writ of superintending control directed to the Wayne Circuit Court, the complaint for superintending control is DENIED.
