Judges

The motion for immediate consideration is GRANTED.

Pursuant to MCR 7.205(E)(2), and in lieu of granted the application for leave to appeal, the Court VACATES the September 3, 2025 order of the Washtenaw Circuit Court and REMANDS this matter to the circuit court for reconsideration of defendant's motion to set aside her aggravated stalking conviction. The trial court erred as a matter of law when the court failed to address whether setting aside of the conviction was consistent with the public welfare. *People v Butka*, 514 Mich 366, 378; 22 NW3d 429 (2024).

This order is to have immediate effect. MCR 7.215(F)(2). We do not retain jurisdiction.
