Pursuant to MCR 7.205(E)(2), in lieu of granting the delayed application for leave to appeal, we VACATE the trial court's November 25, 2025 order and REMAND this matter for further proceedings consistent with both this order and this Court's previous order in *Godell v Godell*, unpublished order of the Court of Appeals, entered September 5, 2025 (Docket No. 375626) (*Godell I*). By failing to strictly comply with this Court's remand instructions in *Godell I*, the trial court violated the rule of mandate. See *Great Lakes Eye Institute, PC v Krebs*, 516 Mich 933 (2025). Specifically, the trial court failed to comply with this Court's prior instructions that, on remand, it was to "make findings of fact on *all* of the pertinent factors, *including findings explaining if and why the court finds some of the factors irrelevant as applied here*." *Godell I*, unpub order at 1 (emphasis added).

This order is to have immediate effect. MCR 7.215(F)(2). We do not retain jurisdiction.
