Introduction

These Policy Statements are a memorialization of the practices, policies, and procedures adopted by the Board of Law Examiners. Each Policy Statement is numbered to correspond with the rule or statute it implements.

These Policy Statements do not constitute legal advice and are not officially sanctioned by the Michigan Supreme Court. They implement the Rules of the Board of Law Examiners, statutory mandates, and the practices, policies, and procedures of the Board of Law Examiners. They do not confer any procedural or substantive due process rights and are subject to change at any time without notice.

Rule 1. General Requirements

An applicant for admission to the practice of law must

- (A) be 18 years old or older;
- (B) possess good moral character; and
- (C) have completed, before entering law school, at least 60 semester hours or 90 quarter hours toward an undergraduate degree from an accredited school or while attending an accredited junior or community college.

Policy Statements

1(B)-1. *Good Moral Character, Fitness and Ability*

An applicant for admission to the practice of law must be of good moral character and possess the fitness and ability to practice law in the courts of record of this state. These requirements are contained in the Board's rules and MCL 600.934. MCL 600.934(1) leaves the determination of good moral character to the Board. In determining good moral character, the Board relies on its essential eligibility requirements and the definition set forth in MCL 338.41. That statute defines "good moral character" as the propensity on the part of the person to serve the public in a fair, honest, and open manner.

1(B)-2. *Essential Eligibility Requirements*

In determining whether an applicant has the fitness and ability to practice law and the propensity to serve the public in a fair, honest, and open manner, the Board will consider whether the applicant meets the following essential eligibility requirements:

- (a) The ability to be honest and candid with clients, lawyers, courts, regulatory authorities and others;
- (b) The ability to reason logically, recall complex factual information and accurately analyze legal problems;
- (c) The ability to communicate with clients, lawyers, courts and others with a high degree of organization and clarity;
- (d) The ability to use good judgment on behalf of clients and in conducting one's professional business;
- (e) The ability to conduct oneself with respect for and in accordance with the law;
- (f) The ability to avoid acts which exhibit disregard for the rights or welfare of others;
- (g) The ability to comply with the requirements of the Rules of Professional Conduct, applicable state, local, and federal laws, regulations, statutes and any applicable order of a court or tribunal;
- (h) The ability to act diligently and reliably in fulfilling one's obligations to clients, lawyers, courts

and others;

(i) The ability to use honesty and good judgment in financial dealings on behalf of oneself, clients and others;

(j) The ability to comply with deadlines and time constraints; and

(k) The cognitive capacity to undertake fundamental lawyering skills such as problem solving, legal analysis and reasoning, legal research, organization and management of legal work, making appropriate reasoned legal judgments, and recognizing and solving ethical dilemmas.

1(B)-3. *Consideration of Circumstances*

In determining whether an applicant has met the criteria set forth in 1(B)-2, the Board will look to the following circumstances of an applicant's background:

(a) Unlawful conduct;

(b) Academic misconduct;

(c) Misconduct in employment;

(d) Acts involving dishonesty, fraud, deceit, or misrepresentation;

(e) Acts which demonstrate disregard for the rights or welfare of others;

(f) Abuse of legal process, including the filing of vexatious or frivolous lawsuits;

(g) Neglect of financial responsibilities;

(h) Neglect of professional or personal obligations;

(i) Violation of a court order, including a child support order;

(j) Conduct that evidences current mental or emotional instability that may impair the ability to practice law;

(k) Conduct that evidences current illegal drug use or drug or alcohol dependence or abuse that may impair the ability to practice law;

(l) Denial of admission to practice law in another jurisdiction on character and fitness grounds;

(m) Disciplinary action by a lawyer disciplinary agency or other professional disciplinary agency of any jurisdiction;

(n) The making of false statements, including omissions, on applications to practice law in this state or any other jurisdiction; and

(o) The failure or inability to properly perform any legal or legal related tasks.

The above list is not exhaustive. The Board will also consider the applicant's conduct subsequent to any negative incident(s) in evaluating whether the applicant has the present character and fitness to practice law in Michigan.

1(B)-4. *Good Moral Character, Fitness and Ability—Burden of Proof*

The applicant has the burden of demonstrating good moral character, fitness, and ability by clear and convincing evidence.

Rule 2. Admission by Examination (*Effective August 1, 2022*)

- (A) An application must be filed by November 1 for the February examination, or March 1 for the July examination. Late applications will be accepted until December 15 for the February examination, or May 15 for the July examination. An application must be accompanied by payment of the fee. All materials filed are confidential.
- (B) Before taking the examination, an applicant must obtain a JD degree from a reputable and qualified law school that
 - (1) is incorporated in the United States, its territories, or the District of Columbia; and
 - (2) requires for graduation 3 school years of study for full-time students, and 4 school years of study for part-time or night students. A school year must be at least 30 weeks.

A law school approved by the American Bar Association is reputable and qualified. Other schools may ask the Board to approve the school as reputable and qualified. In the event the law school has ceased operations since an applicant's graduation, the request for approval may be made by the applicant. The Board may, in its discretion, permit applicants who do not possess a JD degree from an ABA-approved law school to take the examination based upon factors including, but not limited to, relevant legal education, such as an LLM degree from a reputable and qualified law school, and experience that otherwise qualifies the applicant to take the examination.

- (C) The State Bar character and fitness committee will investigate each applicant. The applicant must disclose any criminal conviction which carries a possible penalty of incarceration in jail or prison that has not been reversed or vacated and comply with the committee's requirements and requests. The committee will report the results of its investigation to the Board. If the committee report shows that an applicant lacks the necessary character and fitness, the Board will review the application, record, and report. If the Board accepts the report, the applicant is entitled to a hearing before the Board and may use the Board's subpoena power. The Board may permit an applicant to take the examination before the character and fitness committee reports. The Board will release the applicant's grade if character and fitness committee approval is obtained.
- (D) Every applicant for admission must achieve a passing score, as determined by the Board, on the Multistate Professional Responsibility Examination.
- (E) The Board may permit an applicant entering the armed forces before the examination immediately following graduation to take an earlier examination. The applicant must have completed, before the examination, 2 1/2 years full-time or 3 1/2 years part-time study. The Board will release the applicant's grade when the school certifies the applicant's graduation.
- (F) The applicant is responsible for meeting all requirements before the examination. The Board may act on information about an applicant's character whenever the information is received.

Policy Statements

2(A)-1. *Filing Deadlines and Fees*

Application deadlines are strictly enforced. For first-time bar examination takers, applications must be electronically submitted by the referenced date. The fees must be paid online by credit card. **All fees are nonrefundable.**

Applicants seeking accommodations under the Americans with Disabilities Act are held to the same registration deadlines for submitting those requests. The Board does not waive the examination requirement for medical or other reasons.

Re-examination applicants must send their re-examination form and fee directly to the Board of Law Examiners. The re-examination request must be postmarked at least 60 days prior to the exam. The fee must be paid by a money order, cashier's check, or certified check.

Applicants wishing to transfer from a prior examination must send in their notice of intent to transfer and fee directly to the Board of Law Examiners. The request to transfer must be postmarked at least 60 days prior to the exam. The fee must be paid by a money order, cashier's check, or certified check.

2(A)-1(a). *Concurrent Seating for UBE.*

Michigan allows concurrent UBE seating and score transfers. A concurrent application for admission by transferred UBE score means that an applicant is applying to take the UBE in one jurisdiction and applying for admission by transferred UBE score in another jurisdiction before the UBE score has been earned.

2(A)-1(b). *No UBE Courtesy Seating.*

Michigan does not provide courtesy seating for the UBE. All applicants in Michigan must intend to practice law in Michigan as required in MCL 600.934.

2(A)-2. *Limitation on Number of Applications*

There is no limit on the number of times an applicant can sit for the examination.

2(B)(1)-1. *Legal Education*

Applicants must have a JD from a reputable and qualified law school that is incorporated in the United States, its territories, or the District of Columbia. Law schools approved by the American Bar Association are reputable and qualified. To qualify, the law school must be fully or provisionally approved on the date the applicant's degree was conferred. Applications received from individuals not meeting this requirement are returned.

2(B)(1)-2. *Law School Certification*

Applicants are required to attest to the fact they have graduated with a JD from a reputable and qualified law school. The examination results of applicants taking the exam without first having so graduated are void.

2(B)(1)-3. *Board Approval of Law Schools*

Law schools not approved by the ABA may ask the Board to approve the school as reputable and

qualified. The Board is not required to undertake the approval process in response to such a request. The Board has adopted the *Standards for Approval of Law Schools* (including Interpretations, Rules of Procedure and fee structure) promulgated by the Section of Legal Education and Admissions to the Bar of the American Bar Association, unless otherwise required by context, statute, court rule or Board policy. Any school seeking approval must pay the actual expenses of the Board incurred in making the determination whether the school is reputable and qualified. This includes, but is not limited to, the salaries of the necessary and appropriate persons to conduct the inspection, prepare a report and make a recommendation to the Board.

2(B)(2). *Graduates of Non-Approved Law Schools*

The Board may in its discretion permit applicants who do not possess a JD from an ABA-approved law school to take the examination. In making that determination, the Board looks to, among other things, relevant legal education and experience that otherwise qualifies the applicant to take the examination. The Board considers the quality of the law school(s) attended, existing accreditation, prior accreditation history or attempts at accreditation, and evidence of experience in the full-time practice of law.

Applicants must petition the Board of Law Examiners for a waiver of the Rule. The petition may take the form of a letter. A hearing or personal interview is not held. Good cause for a waiver must be shown by clear and convincing evidence. For the Board to evaluate whether it should grant a waiver, the Board requires individuals seeking a waiver to provide certain material. The Board uses this information in evaluating whether the individual may take the bar examination.

Waivers are granted on a case-by-case basis. The Board does not provide advisory opinions. The receipt of a waiver does not mean that the Board has determined a particular school is reputable and qualified.

The following must be provided:

- a. College and law school transcripts (translated to English if necessary).
- b. A detailed description of the applicant's legal education and training. This must include a syllabus from each of the courses taken, a list of the textbooks used, the attendance requirements at the time the applicant matriculated, and the number of credit hours required for graduation.
- c. Descriptions of academic and professional records of all faculty and executive administrators of each law school attended.
- d. Copies of all material being sent to applicants by the law school and the school catalog, class schedules and course descriptions.
- e. Bar examination results, i.e., percent passed/failed, of graduates of the law school, classified by state administering the exam, for the previous three years.
- f. A statement of whether the applicant has applied to take the bar exam in any other jurisdiction and the result of that request, and the result of any bar examination taken by the applicant.
- g. A description of the applicant's work history.
- h. Evidence of experience in the full-time practice of law. Such evidence should include, but is not limited to, a sworn affidavit detailing the nature and extent of the applicant's legal work experience during the time the applicant claims to have engaged in the full-

time practice of law; legal memoranda prepared by the applicant; copies of published cases resulting from pleadings and papers filed by the applicant in his or her capacity as an attorney; and/or letters of reference from the bench and bar in the jurisdiction in which the applicant has been engaged in the practice of law.

- i. In the case of applicants with a law degree from a non-U.S. jurisdiction, a description of that country's legal system, including, but not limited to, whether the English common law substantially forms the basis of that country's jurisprudence and whether English is the language of instruction and practice in the courts of that jurisdiction.
- j. A narrative statement as to why the applicant feels that good cause by clear and convincing evidence has been established.
- k. Any other documentation, material, or information the applicant feels is relevant to the establishment of good cause.
- l. The Board may request additional evidence as it deems appropriate.

Material submitted to the Board is not returned to the applicant.

If an applicant is relying on receipt of an LLM as part of the basis for granting a waiver, the degree must have already been conferred at the time of application.

2(C)-1. *Duration of Character and Fitness Clearance*

Character and fitness clearance is valid for three years from the date of the Board's acceptance of the State Bar of Michigan's recommendation. The three-year period begins on the date clearance is obtained. Applicants not sitting for, or not having passed the examination, within three years after receiving clearance must again be approved as to their character and fitness.

Applicants with expired C&F certification must have their APH submitted before the 60-day re-examination registration deadline for the upcoming exam. Once the APH is submitted, and the re-exam form/fee is received at the BLE, the applicant will be allowed to sit for the upcoming exam prior to recertification of character and fitness – provided the 60-day deadline has been met.

Applicants who have previously been denied character and fitness approval or withdrawn from the character and fitness process after a negative recommendation at the State Bar's District or Standing Committee level, may not sit as a re-examinee until character and fitness clearance is obtained from the Board. The date of the denial for purposes of reapplication is the date the Board issues an opinion on the matter or the date of the formal communication advising the applicant of its decision.

2(C)-2. *Character and Fitness Hearings*

Character and fitness hearings are heard de novo. They are confidential proceedings. The applicant has the burden of proving by clear and convincing evidence that he or she has the requisite character and fitness to practice law. The Michigan Rules of Evidence are considered as guidelines but are not binding. If the parties agree, the hearing can be limited to an appeal consisting of briefs and argument or a limited testimonial hearing. All evidence is taken under oath before a court reporter. At the request of an applicant, and at the sole discretion of the Board, some or all of the hearing may be conducted remotely through Zoom or other platform. In addition, some or all members of the Board and the court reporter may appear remotely. The applicant may be represented by counsel.

A hearing must be requested within 28 days of the Board's decision. Once a hearing is set, each party may request one adjournment by right. Any additional requests for adjournment must set forth good cause and be granted by the Board.

2(C)-3. *Review of Board's Decision/Reapplication*

There are no motions for rehearing or reconsideration of decisions made following character and fitness hearings. Review is by complaint for superintending control filed in the Supreme Court. Applicants denied character and fitness certification by the Board may not reapply for certification for two years after the denial. Upon request of the applicant or on its own motion, the Board may extend that period to up to five years. In that case, the Board's opinion will specify the reasons for imposition of the longer period. The Board may impose a waiting period shorter than two years. Applicants must reapply to the Standing Committee, not the Board.

2(D). *Multistate Professional Responsibility Examination*

Beginning with the July 2009 bar examination, applicants taking the examination as first-time takers must receive a scaled score of 85 on the Multistate Professional Responsibility Examination (MPRE). That score is valid indefinitely. For applicants taking the July 2009 bar examination as a re-examinee or as a transferee from a prior exam, the passing scaled score will remain at 75. If such a re-examinee or transferee fails the July 2009 examination, the passing scaled MPRE score will remain at 75.

2(E). *Examinations without Character and Fitness Clearance; MPRE and Michigan Law Basics online training clearance required after first exam*

An applicant may sit for a bar examination without receiving character and fitness clearance only under the following two conditions: 1) An applicant may sit for the bar examination a total of three times within two years of the date of law school graduation; and 2) an applicant must be actively engaged in the character and fitness process as determined in the sole discretion of the Board. Applicants denied clearance by the Board are not eligible to sit.

An applicant must have MPRE and the Michigan Law Basics online training clearance after the first time the examination is taken to sit for any subsequent administration.

Applicants failing the exam who do not have both clearances and proof of completion of the Michigan Law Basics online training at the time exam scores are released receive an unofficial result only. Those who do not have MPRE clearance do not receive an application for re-examination and cannot file an application for re-examination until MPRE clearance is received. Applicants not passing the examination within three administrations within two years of graduation will not receive a re-examination form and cannot sit again until both character and fitness and MPRE clearance are received by the Board.

Rule 3. Examination Subjects and Grading *(Effective August 1, 2022)*

- (A) The examination shall be the Uniform Bar Examination (UBE) as prepared and defined by the NCBE and administered on dates and under regulations set by NCBE. The UBE consists of:
 - (1) The Multistate Bar Examination (MBE)
 - (2) The Multistate Essay Examination (MEE)

- (3) The Multistate Performance Test (MPT)
- (B) The NCBE will grade the multistate section. The Board or its agents will grade the MEE and the MPT, with the Board having final responsibility. The Board will adopt policies for grading that are consistent with the sound testing practices followed by all jurisdictions that administer the UBE. The policies shall include a provision for the NCBE to convert the raw scores on the written portion of the examination to the MBE scale by the methodology used for UBE jurisdictions. The Board will determine a method for selecting a passing score.
- (C) To earn a portable UBE score that is transferable to other UBE jurisdictions, persons taking the UBE in Michigan shall sit for and take all components of the bar examination in a single administration.
- (D) An applicant's raw bar examination score shall be provided to the NCBE to calculate scaled scores. Upon request by an applicant, the NCBE will certify and transfer the applicant's scaled score, scaled MBE score, and total UBE score to other UBE jurisdictions. The NCBE may also release to an applicant, upon request by the applicant, the applicant's scaled MBE score, scaled written score, and total UBE score.

Policy Statements

3-1. *Date of Examination*

The exam is only administered on the last Tuesday and Wednesday of February and July, unless some other time is directed by the National Conference of Bar Examiners or the Board.

3-1 (A) *Essay and Performance Test Graders*

The MEE and MPT are graded by the Board members or an attorney selected by the Board who meets the following qualifications:

Applicants are at all times to maintain a professional attitude toward other applicants, proctors, and other examination personnel. Conduct that results in a violation of security or disrupts the administration of the examination may result in immediate disqualification and ejection from the examination. Such conduct includes violation of the Board's Security Policy, cheating, failing to follow all rules and instructions governing the administration of the examination, or otherwise compromising the security or integrity of the bar examination.

The applicant is responsible for submitting an original and two complete copies of all documentation.

Adherence to the specified deadlines and filing requirements is the sole responsibility of the applicant. Accommodation requests are held to the same deadlines as exam registration. An applicant must be registered for the examination or the request for accommodations will not be considered. Deadlines are strictly enforced. In order to allow time for an interactive process, the submission of additional information, to correct a filing that does not conform to the requirements, or to file an appeal for the current exam administration, requests must be received by the "on-time" exam registration deadline of March 1 for the July examination and November 1 for the February examination.

Accommodation requests will be accepted up to the "late" registration deadline of May 15 for the July examination and December 15 for the February examination. However, due to the time constraints involved with reviewing and reaching a disposition on accommodation requests, any applicant submitting after the "on-time" deadline will not have an opportunity to supplement the request, correct a non-conforming filing, or request an appeal for the current exam administration. Requests for accommodations postmarked after the late deadline will be returned without consideration.

Upon receipt of a request for accommodations under the ADA, the Executive Director determines

whether the request meets the requirements listed in Policy Statements 3-4-3, 3-4-4 or 3-4-5. If it does not, it is returned and the applicant is given the opportunity to supplement the request. This does not operate, however, to extend any filing deadlines. Thus, it is the responsibility of the applicant to submit complete materials by the deadline. Consideration of the request for accommodations is based on information received by that deadline.

The Executive Director will review the ADA accommodation requests and any consultant reports in order to make an initial determination as to whether the accommodations will be granted as requested, granted with modification, or denied. The Executive Director will engage in an interactive process with applicants, who are granted accommodations beyond extended time, to work cooperatively in determining what reasonable accommodations or modifications to the exam process are appropriate. Denials or modifications of accommodation requests may be appealed to the Board pursuant to Policy Statement 3-4-2.

3-4-2 Appeal of ADA Accommodation Request Denial or Modification

If a request is denied or granted with modifications, a notice of that decision will be sent to the applicant at the address provided by the applicant on the initial request. That address must be one at which UPS, FedEx, or U.S. Postal Service Priority Mail can be received. The notice will be sent via password protected email to the email on file.

The notification letter will include the basis for any denial or modification and may include excerpts of a consultant's evaluation. The notification letter will also include information on the appeal process.

Applicants submitting ADA requests by the on-time deadline may file an appeal of the Executive Director's denial or modification of the requested accommodations for the current exam administration. Applicants submitting ADA requests after the on-time deadline, but before the close of registration, may elect to submit an appeal for the next exam administration and to sit for the current exam without accommodations or with any modified accommodations as outlined in the notification letter. Late deadline applicants will not be charged the exam transfer fee if they choose to delay sitting for the exam while undergoing the appeal process. The Board will use its best efforts to accommodate late deadline applicants in order to allow them to sit for the current exam with any additional accommodations granted on appeal. Due to the time entailed to secure special accommodations proctors, rooms, and other arrangements, the Board cannot guarantee this and stresses the importance of submitting accommodations requests during the on-time registration period.

Original signed and notarized appeals **must be received** at the Board's office no later than 14 days from the date the Executive Director's notification letter is sent. There is no specific form to file an appeal. Applicants may appeal the decision to the Board by filing a petition responding to the Executive Director's stated reason(s) for the denial or modification. The petition must attest to the truth and accuracy of the statements made therein, be made under penalty of perjury, and be notarized. Appellate review of the initial accommodations decision shall be based on information previously provided for pre-appeal consideration. Applicants are not allowed to supplement the record on appeal. Late or nonconforming appeals will not be considered.

The Board will consider an appeal as soon as practical. Oral argument is not permitted. The review

will be conducted in closed session either at a regular meeting or one specifically convened by teleconference. The Board may affirm, reverse, or modify the Executive Director's decision. Applicants will be notified of the Board's decision via password protected email.

3-4-3. General ADA Accommodation Request Requirements

The following guidelines are provided to assist the applicant in documenting the need for accommodation based on an impairment that substantially limits one or more major life activities. Documentation submitted in support of a request is referred to experts in the appropriate area of disability. To support a request for test accommodations, an applicant must submit the following:

- A. Completed Request for Test Accommodations form.
- B. A detailed, comprehensive written report describing the disability and its severity and justifying the need for the requested accommodations. The following characteristics are expected of all documentation submitted in support of a request for accommodations. The documentation must:
 1. State a specific diagnosis of the disability.
 - a. The diagnostic taxonomies used by the current edition of the International Statistical Classification of Diseases and Related Health Problems (ICD) or the current edition of the Diagnostic and Statistical Manual of the American Psychiatric Association (DSM) are recommended.
 2. Be current.
 - a. As the manifestations of a disability may vary over time and in different settings, in most cases an evaluation should have been conducted within the past three years.
 3. Describe the specific diagnostic criteria and/or diagnostic tests used, including date(s) of evaluation, test results and a detailed interpretation of the test results.
 - a. This description should include the specific results of diagnostic procedures and tests utilized and should include relevant educational, developmental, and medical history. Where appropriate, specific test scores should be reported to support the diagnosis.
 - b. Diagnostic methods used should be appropriate to the disability and current professional practices within the field. Informal or non-standardized evaluations should be described in enough detail that other professionals could understand their role and significance in the diagnostic process.
 4. Describe in detail the individual's limitations due to the diagnosed disability, i.e., a demonstrated impact on functioning vis-a-vis the bar examination and explain the relationship of the test results to the identified limitations resulting from the disability.
 - a. The current functional impact on physical, perceptual and cognitive abilities should be fully described.
 5. Recommend specific accommodations and/or assistive devices including a detailed explanation of why these accommodations or devices are needed and how they will reduce the impact of the identified functional limitations.
 6. Establish the professional credentials of the evaluator that qualify him/her to make the particular diagnosis, including information about license or certification and specialization in the area of the diagnosis.
 - a. The evaluator should present evidence of comprehensive training and direct experience in the diagnosis and treatment of adults in the specific area of disability.

- C. If no prior accommodations have been provided, the qualified professional expert should include a detailed explanation as to why no accommodations were given in the past and why accommodations are needed now.

3-4-4. ADA Accommodation Request Requirements Regarding Learning Disabilities

For those seeking accommodations based on a learning disability or other cognitive disorder:

- A. The evaluation must be conducted by a qualified professional. The diagnostician must have comprehensive training in the field of learning disabilities and must have comprehensive training and direct experience in working with an adult population.
- B. Testing/assessment must be current. The determination of whether an individual is “significantly limited” in functioning is based on assessment of the current impact of the impairment.
- C. Documentation must be comprehensive. Objective evidence of a substantial limitation in cognition or learning must be provided. At a minimum, the comprehensive evaluation should include the following:
 - 1. A diagnostic interview and history taking. Relevant historical information regarding the individual’s academic history and learning processes in elementary, secondary and postsecondary education should be investigated and documented. The report of assessment should include a summary of a comprehensive diagnostic interview that includes relevant background information to support the diagnosis. In addition to the candidate’s self-report, the report of assessment should include:
 - a. A description of the presenting problem(s)
 - b. A developmental history
 - c. Relevant academic history including results of prior standardized testing, reports of classroom performance and behaviors including transcripts, study habits and attitudes and notable trends in academic performance
 - d. Relevant family history, including primary language of the home and current level of fluency in English
 - e. Relevant psychosocial history
 - f. Relevant medical history including the absence of a medical basis for the present symptoms
 - g. Relevant employment history
 - h. A discussion of dual diagnosis, alternative or coexisting mood, behavioral, neurological and/or personality disorders along with any history of relevant medication and current use that may impact the individual’s learning
 - i. Exploration of possible alternatives that may mimic a learning disability when, in fact, one is not present.
 - 2. A psychoeducational or neuropsychological evaluation. The psychoeducational or neuropsychological evaluation must be submitted on the letterhead of a qualified professional, and it must provide clear and specific evidence that a learning or cognitive disability does or does not exist:
 - a. The assessment must consist of a comprehensive battery of tests.
 - b. A diagnosis must be based on the aggregate of test results, history and level of current functioning. It is not acceptable to base a diagnosis on only one or two subtests. Objective evidence of a substantial limitation to learning must be presented.
 - c. Tests must be appropriately normed for the age of the patient and must be

- administered in the designated standardized manner.
3. Minimally, the domains to be addressed should include the following:
 - a. Cognitive functioning. A complete cognitive assessment is essential with all subtests and standard scores reported. Acceptable measures include, but are not limited to: Wechsler Adult Intelligence Scale-III (WAIS-III); Woodcock Johnson Psycho Educational Battery—Revised: Tests of Cognitive Ability; Kaufman Adolescent and Adult Intelligence Test.
 - b. Achievement. A comprehensive achievement battery with all subtests and standard scores is essential. The battery must include current levels of academic functioning in relevant areas such as reading (decoding and comprehension) and mathematics. Acceptable instruments include, but are not limited to, the Woodcock-Johnson Psycho Educational Battery—Revised: Tests of Achievement; The Scholastic Abilities Test for Adults (SATA); Woodcock Reading Mastery Tests—Revised.
 - i. Specific achievement tests are useful instruments when administered under standardized conditions and when interpreted within the context of other diagnostic information. The Wide Range Achievement Test-3 (WRAT-3) and the Nelson-Denny Reading Test are not comprehensive diagnostic measures of achievement and therefore neither is acceptable if used as the sole measure of achievement.
 - c. Information processing. Specific areas of information processing (e.g., short- and long-term memory, sequential memory, auditory and visual perception/processing, auditory and phonological awareness, processing speed, executive functioning, motor ability) must be assessed. Acceptable measures include, but are not limited to, the Detroit Tests of Learning Aptitude--Adult (DTLA-A), Wechsler Memory Scale-III (WMS-III), information from the Woodcock Johnson Psycho Educational Battery Revised: Tests of Cognitive Ability, as well as other relevant instruments that may be used to address these areas.
 - d. Other assessment measures. Other formal assessment measures or nonstandard measures and informal assessment procedures or observations may be integrated with the above instruments to help support a differential diagnosis or to disentangle the learning disability from co-existing neurological and/or psychiatric issues. In addition to standardized test batteries, nonstandardized measures and informal assessment procedure may be helpful in determining performance across a variety of domains.
 4. Actual test scores must be provided (standard scores where available).
 5. Records of academic history should be provided. Relevant records detailing learning processes and difficulties in elementary, secondary and postsecondary education should be included. Such records as grade reports, transcripts, teachers' comments and the like will serve to substantiate self-reported academic difficulties in the past and currently.
 6. A differential diagnosis must be reviewed and various possible alternative causes for the identified problems in academic achievement should be ruled out. The evaluation should address key constructs underlying the concept of learning disabilities and provide clear and specific evidence of the information processing deficit(s) and how these deficits currently impair the individual's ability to learn. No single test or

subtest is a sufficient basis for a diagnosis. The differential diagnosis must demonstrate that:

- a. Significant difficulties persist in the acquisition and use of listening, speaking, reading, writing or reasoning skills.
 - b. The problems being experienced are not primarily due to lack of exposure to the behaviors needed for academic learning or to an inadequate match between the individual's ability and the instructional demands.
7. A clinical summary must be provided. A well-written diagnostic summary based on a comprehensive evaluative process is a necessary component of the report. Assessment instruments and the data they provide do not diagnose; rather, they provide important data that must be integrated with background information, historical information and current functioning. It is essential then that the evaluator integrate all information gathered in a well-developed clinical summary. The following elements must be included in the clinical summary:
- a. Demonstration of the evaluator's having ruled out alternative explanations for the identified academic problems as a result of poor education, poor motivation and/or study skills, emotional problems, attention problems and cultural or language differences.
 - b. Indication of how patterns in cognitive ability, achievement and information processing are used to determine the presence of a learning disability.
 - c. Indication of the substantial limitation to learning presented by the learning disability and the degree to which it impacts the individual in the context of the bar exam.
 - d. Indication as to why specific accommodations are needed and how the effects of the specific disability are mediated by the recommended accommodation(s).
 - i. Problems such as test anxiety, English as a second language (in and of itself), slow reading without an identified underlying cognitive deficit or failure to achieve a desired academic outcome are not learning disabilities and therefore are not covered under the Americans with Disabilities Act.
8. Each accommodation recommended by the evaluator must include a rationale. The evaluator must describe the impact the diagnosed learning disability has on a specific major life activity as well as the degree of significance of this impact on the individual. The diagnostic report must include specific recommendations for accommodations and a detailed explanation as to why each accommodation is recommended. Recommendations must be tied to specific test results or clinical observations. The documentation should include any record of prior accommodation or auxiliary aids, including any information about specific conditions under which the accommodations were used and whether or not they were effective. However, a prior history of accommodation, without demonstration of a current need, does not in and of itself warrant the provision of a like accommodation. If no prior accommodation(s) has been provided, the qualified professional expert should include a detailed explanation as to why no accommodation(s) was used in the past and why accommodation(s) is needed at this time.

3-4-5 ADA Accommodation Request Requirements Regarding Attention Deficit/Hyperactivity Disorder (ADHD)

For those applicants seeking accommodations based on Attention Deficit/Hyperactivity Disorder (ADHD):

- A. The evaluation must be conducted by a qualified diagnostician. Professionals conducting assessments and rendering diagnoses of ADHD must be qualified to do so. Comprehensive training in the differential diagnosis of ADHD and other psychiatric disorders and direct experience in diagnosis and treatment of adults is necessary. The evaluator's name, title and professional credentials, including information about license or certification as well as the area of specialization, employment and state in which the individual practices should be clearly stated in the documentation.
- B. Testing/assessment must be current. The determination of whether an individual is "significantly limited" in functioning is based on assessment of the current impact of the impairment on the bar examination testing program.
- C. Documentation necessary to substantiate the Attention Deficit/Hyperactivity Disorder must be comprehensive. Objective, relevant, historical information is essential. Information verifying a chronic course of ADHD symptoms from childhood through adolescence to adulthood, such as educational transcripts, report cards, teacher comments, tutoring evaluations, job assessments and the like are necessary.
- D. The evaluator is expected to review and discuss the current DSM diagnostic criteria for ADHD and describe the extent to which the patient meets these criteria. The report must include information about the specific symptoms exhibited and document that the patient meets criteria for longstanding history, impairment and pervasiveness.
- E. A history of the individual's presenting symptoms must be provided, including evidence of ongoing impulsive/hyperactive or inattentive behaviors (as specified in the DSM) that significantly impair functioning in two or more settings.
- F. The information collected by the evaluator must consist of more than self-report. Information from third-party sources is critical in the diagnosis of adult ADHD. Information gathered in the diagnostic interview and reported in the evaluation should include, but not necessarily be limited to, the following:
 - 1. History of presenting attention symptoms, including evidence of ongoing impulsive/hyperactive or inattentive behavior that has significantly impaired functioning over time.
 - 2. Developmental history.
 - 3. Family history for presence of ADHD and other educational, learning, physical or psychological difficulties deemed relevant by the examiner;
 - 4. Relevant medical and medication history, including the absence of a medical basis for the symptoms being evaluated.
 - 5. Relevant psychosocial history and any relevant interventions.
 - 6. A thorough academic history of elementary, secondary and postsecondary education.
 - 7. Review of psychoeducational test reports to determine if a pattern of strengths or weaknesses is supportive of attention or learning problems.
 - 8. Evidence of impairment in several life settings (home, school, work, etc.) and evidence that the disorder significantly restricts one or more major life activities.
 - 9. Relevant employment history.

10. Description of current functional limitations relative to an educational setting and to the bar exam in particular that are presumably a direct result of the described problems with attention.
 11. A discussion of the differential diagnosis, including alternative or co-existing mood, behavioral, neurological and/or personality disorders that may confound the diagnosis of ADHD.
 12. Exploration of possible alternative diagnoses that may mimic ADHD.
- G. Relevant assessment batteries. A neuropsychological or psychoeducational assessment may be necessary in order to determine the individual's pattern of strengths or weaknesses and to determine whether there are patterns supportive of attention problems. Test scores or subtest scores alone should not be used as the sole basis for the diagnostic decision. Scores from subtests on the Wechsler Adult Intelligence Scale-III (WAIS-III), memory functions tests, attention or tracking tests or continuous performance tests do not in and of themselves establish the presence or absence of ADHD. They may, however, be useful as one part of the process in developing clinical hypotheses. Checklists and/or surveys can serve to supplement the testing is used, standard scores must be provided for all normed measures.
- H. Identification of the current DSM Criteria. A diagnostic report must include a review of the most current edition of the DSM criteria for ADHD both currently and retrospectively and specify which symptoms are present.
- I. Documentation must include a specific diagnosis. The report must include a specific diagnosis of ADHD based on the current DSM diagnostic criteria. Individuals who report problems with organization, test anxiety, memory and concentration only on a situational basis do not fit the prescribed diagnostic criteria for ADHD. Given that many individuals benefit from prescribed medications and therapies, a positive response to medication by itself is not supportive of a diagnosis, nor does the use of medication in and of itself either support or negate the need for accommodation.
- J. A clinical summary must be provided. A well-written diagnostic summary based on a comprehensive evaluative process is a necessary component of the assessment. The clinical summary must include:
1. Demonstration of the evaluator's having ruled out alternative explanations for inattentiveness, impulsivity, and/or hyperactivity as a result of psychological or medical disorders or noncognitive factors.
 2. Indication of how patterns of inattentiveness, impulsivity and/or hyperactivity across the life span and across settings are used to determine the presence of ADHD.
 3. Indication of the substantial limitation to learning presented by ADHD and the degree to which it impacts the individual in the context for which accommodations are being requested (e.g., impact on the bar exam).
 4. Indication as to why specific accommodations are needed and how the effects of ADHD symptoms, as designated by the current DSM, are mediated by the accommodation(s).
- K. Each accommodation recommended by the evaluator must include a rationale. The evaluator must describe the impact of ADHD (if one exists) on a specific major life activity as well as the degree of significance of this impact on the individual. The diagnostic report must include specific recommendations for accommodations. A detailed explanation must be provided as to why each accommodation is recommended and should be correlated with specific identified functional limitations. Prior documentation may have

been useful in determining appropriate services in the past. However, documentation should validate the need for accommodations based on the individual's current level of functioning. The documentation should include any record of prior accommodation or auxiliary aid, including information about specific conditions under which the accommodation was used (e.g., standardized testing, final exams, subject exams, etc.) However, a prior history of accommodation without demonstration of a current need does not in and of itself warrant the provision of a similar accommodation. If no prior accommodation has been provided, the qualified professional and/or individual being evaluated should include a detailed explanation as to why no accommodation was used in the past and why accommodation is needed at this time.

Because of the challenge of distinguishing ADHD from normal developmental patterns and behaviors of adults, including procrastination, disorganization, distractibility, restlessness, boredom, academic underachievement or failure, low self-esteem and chronic tardiness or inattentance, a multifaceted evaluation must address the intensity and frequency of the symptoms and whether these behaviors constitute an impairment in a major life activity.

3(A)(1). *Day of Multistate Bar Examination*

The multistate bar examination is administered on the last Wednesday of February and July.

3(A)(2). *Day of Multistate Essay Examination (MEE) and Multistate Performance Test (MPT)*

The MPT portion of the examination is administered during a three-hour period on the Tuesday morning immediately preceding the last Wednesday of February and July and consists of 2 MPT exercises. The MEE portion of the examination is administered during a three hour block that Tuesday afternoon and consists of 6 essay questions.

3(B). *Examination Scoring; Duration of Validity of Passing Score.*

Scoring of the MEE and MPT answers shall be strictly anonymous.

Excluding blank or non-responsive answers, each MEE essay question has 6 possible points for a possible total of 36 raw points. After reading and considering each MEE answer, the grader shall assign a score of 1 through 6 using NCBE's rank ordering process. A score of zero will be given to a blank answer or to an answer that is nonresponsive to the question.

Excluding blank or non-responsive answers, each MPT exercise has 6 possible points for a total of 12 possible raw points. After reading and considering each MPT answer, the grader shall assign a score of 1-6 points. A score of zero will be given to a blank answer or to an answer that is nonresponsive to the question,

There are 200 possible points on the multistate portion of the exam.

The MEE and MPT raw scores shall be combined and converted to the MBE scale to calculate written scaled scores according to the methodology used by NCBE for UBE jurisdictions.

A combined score of 268 or higher is necessary to pass the Michigan bar exam.

A passing score is valid for three years from the date results are released for the examination at which the applicant sat. Applicants who do not become active members of the State Bar of Michigan within that three-year period must retake and pass the bar examination.

Rule 3a. Michigan Law Component (*Effective August 1, 2022*)

(4) intend to practice law in Michigan, or to be a full-time instructor in a reputable and qualified Michigan law school; and

(5) have, after being licensed and for 3 of the 5 years preceding the application,

(a) actively practiced law as a principal business or occupation in a jurisdiction where admitted (the practice of law under a special certificate pursuant to Rule 5[F] or as a special legal consultant pursuant to Rule 5[G] does not qualify as the practice of law required by this rule);

(b) been employed as a full-time instructor in a reputable and qualified law school in the United States, its districts, or its territories; or

(c) been on active duty (other than for training or reserve duty) in the United States armed forces as a judge advocate, legal specialist, or legal officer. The judge advocate general (or a comparable officer) or delegate must certify the assignment and the inclusive dates.

The Board may, for good cause, increase the 5-year period. Active duty in the United States armed forces not satisfying Rule 5(A)(5)(c) may be excluded when computing the 5-year period.

- (6) Complete any Michigan Law Component requirement set out in Rule 3a.
- (C) An applicant must submit the National Conference of Bar Examiners' Request for Preparation of a Character Report along with other material required by the Board and payment of the fees.
- (D) An applicant not satisfying Rule 5(B) will be notified and given an opportunity to appear before the Board. The applicant may use the Board's subpoena power.
- (E) An applicant for whom a certificate of admission is issued must take the oath and become a member of the State Bar of Michigan within three years of the date the certificate is issued. Otherwise, the applicant must reapply.
- (F) An attorney
- (1) ineligible for admission without examination because of the inability to satisfy Rule 5(B)(5); and
 - (2) practicing law in an institutional setting, e.g., counsel to a corporation or instructor in a law school, may apply to the Board for a special certificate of qualification to practice law. The applicant must satisfy Rule 5(B)(1)-(3) and comply with Rule 5(C). The Board may then issue the special certificate, which will entitle the attorney to continue current employment if the attorney becomes an active member of the State Bar. The special certificate permits attorneys teaching or supervising law students in a clinical program to represent the clients of that clinical program. If the attorney leaves the current employment, the special certificate automatically expires; if the attorney's new employment is also institutional, the attorney may reapply for another special certificate.
- (G) Special Legal Consultants
- (a) To qualify for admission without examination to practice as a special legal consultant one must:
 - (1) be admitted to practice in a foreign country and have actually practiced, and be in good standing, as an attorney or counselor at law or the equivalent in such foreign country for at least 3 of the 5 years immediately preceding the application; and
 - (2) possess the good moral character and general fitness requisite for a member of the bar of this state; and
 - (3) fulfill the requirements of MCL 600.934 and 600.937; and
 - (4) be a resident of this or another state of the United States, its territories or the District of Columbia and maintain an office in this state for the practice of law; and
 - (5) be over 18 years of age.
 - (b) In considering whether to license an applicant to practice pursuant to Rule 5(G), the Board may in its discretion take into account whether a member of the bar of

this state would have a reasonable and practical opportunity to establish an office for the giving of legal advice to clients in the applicant's country of admission (as referred to in Rule 5[G][a][1]), if there is pending with the Board a request to take this factor into account from a member of the bar of this state actively seeking to establish such an office in that country which raises a serious question as to the adequacy of the opportunity for such a member to establish such an office.

- (c) An applicant for a license as a special legal consultant shall submit to the Board:
- (1) a certificate from the authority in such foreign country having final jurisdiction over professional discipline, certifying as to the applicant's admission to practice and the date thereof and as to the good standing of such attorney or counselor at law or the equivalent, together with a duly authenticated English translation of such certificate if it is not in English; and
 - (2) a letter of recommendation from one of the judges of the highest law court or intermediate appellate court of such foreign country, together with a duly authenticated English translation of such letter if it is not in English; and
 - (3) the National Conference of Bar Examiners questionnaire and affidavit along with the payment of the requisite fee and such other evidence of the applicant's educational and professional qualifications, good moral character and general fitness, and compliance with the requirements of Rule 5(E)(a)(1)-(5) as the Board may require; and
 - (4) shall execute and file with the Executive Director of the State Board of Law Examiners, in such form and manner as the Board may prescribe,
 - (i) a duly acknowledged instrument in writing setting forth the special legal consultant's address in the state of Michigan and designating the Executive Director of the State Board of Law Examiners an agent upon whom process may be served, with like effect as if served personally upon the special legal consultant, in any action or proceeding thereafter brought against the special legal consultant and arising out of or based upon any legal services rendered or offered to be rendered by the special legal consultant within or to residents of the state of Michigan whenever after due diligence service cannot be made upon the special legal consultant at such address or at such new address in the state of Michigan as the special legal consultant shall have filed in the office of the Executive Director of the State Board of Law Examiners by means of a duly acknowledged supplemental instrument in writing; and
 - (ii) the special legal consultant's commitment to notify the Executive Director of the State Board of Law Examiners of any resignation or revocation of the special legal consultant's admission to practice in the foreign country of admission, or of any censure, suspension or expulsion in respect of such admission.

Service of process on the Executive Director of the State Board of Law Examiners shall be made by personally delivering to and leaving with

the Executive Director, or with a deputy or assistant authorized by the Executive Director to receive such service, at the Executive Director's office, duplicate copies of such process together with a fee of \$10.00. Service of process shall be complete when the Executive Director has been so served. The Executive Director shall promptly send one of such copies to the special legal consultant to whom the process is directed, by certified mail, return receipt requested, addressed to such special legal consultant at the address specified by the special legal consultant as aforesaid.

- (d) A person licensed to practice as a special legal consultant must maintain active membership in the State Bar of Michigan and must discharge the responsibilities of state bar membership and is authorized to render professional legal advice:
 - (1) on the law of the foreign country where the legal consultant is admitted to practice;
 - (2) may use the title "special legal consultant" either singly or in connection with the authorized title or firm name in the foreign country of the legal consultant's admission to practice, provided that in each case the name of such foreign country be identified.

Policy Statements

5. *Review of Applications for Admission without Examination*

Applications for admission without examination are initially reviewed by the Executive Director to determine if the materials facially meet the requirements of the Rule. If they do not, the materials are returned with an opportunity given for supplementation or explanation. Applicants not meeting the requirements of the Rule may seek a waiver of a particular provision for good cause. Good cause must be shown by clear and convincing evidence. In those situations, the issue is presented to the Board before the National Conference of Bar Examiners (NCBE) process begins and the applicant's funds are retained until the Board rules. Once the NCBE process begins, all funds become nonrefundable.

Applications facially meeting the requirements of the Rule are sent to the NCBE for preparation of a character report. If no irregularities are disclosed, the Executive Director approves the application, and the applicant is sent the Board's certification. The certification is valid for three years.

5(A)(1)-1. *Good Moral Character*

An applicant for admission without examination must be of good moral character. The Board may refer an applicant to the State Bar of Michigan's Standing Committee on Character and Fitness for a report before granting the application. The applicant is responsible for any fees assessed by the Standing Committee. An applicant may file an application while there is a grievance pending against him or her, but the Board will not approve the application until any pending grievances are resolved. Favorable resolution of any grievance does not bar the Board from referring the applicant to the Standing Committee.

5(A)(1)-2. *Reputable and Qualified Law School*

An applicant for admission without examination must be a graduate of a law school deemed reputable and qualified at the time the applicant's degree was conferred. Applicants seeking a waiver of this requirement must supply the same material required of those applicants seeking to take the bar examination who do not have a qualifying JD.

5(A)(2). *Licensure in Another Jurisdiction*

Licensure status is confirmed by the National Conference of Bar Examiners.

5(A)(3). *Member in Good Standing*

Good standing status is confirmed by the National Conference of Bar Examiners.

5(A)(4). *Intention to Practice in Michigan*

The applicant must state that he or she intends to practice law in Michigan or be a full-time instructor in a reputable and qualified law school in Michigan. The quantity of practice in Michigan is not set. Per MCL600.946, an applicant must intend in good faith to practice actively in Michigan or to engage in the teaching of law as a full-time instructor in a reputable and qualified law school located in this state.

5(A)(5). *Duration of Practice in Another Jurisdiction*

Individuals must have practiced law for three of the five years preceding the application. For good cause, the Board may increase the five-year period.

5(A)(5)(a)-1. *Practice of Law*

To constitute a principal business or occupation, the practice of law in the other jurisdiction must have been greater than 50% of the applicant's time and no less than 21 hours per week. The practice of law is defined as counseling or assisting another in matters that require the use of legal discretion and profound legal knowledge. To qualify as law practice, any position held must require an active law license in the jurisdiction where the work is performed.

5(A)(5)(a)-2. *Jurisdiction Where Admitted*

The practice must have been in a U.S. jurisdiction where admitted. Practice in the federal courts in a state other than where admitted will be considered.

5(A)(5)(a)-3. *Judicial Clerks*

Employment as a judicial clerk will be considered the practice of law. For purposes of the requirement of Rule 5 that the practice of law must have been in a jurisdiction where admitted, in the case of federal judicial clerks, admission to a state bar is required, however, admission to the state bar where clerking will not be required. In the case of all other judicial clerks, the only time included in the determination of whether the applicant meets the three-years-in-five requirement will be the period of employment after licensure in that jurisdiction, i.e., the length of time the applicant practiced law in a jurisdiction where admitted.

5(A)(5)(a)-4. *Agency Practice*

Practice before an agency or tribunal that does not require law licensure does not satisfy the practice requirement.

5(A)(6). *Michigan Law Basics online training.*

All applicants under 5(B) must complete the Michigan Law Basics online training and submit a certificate of completion to the Board at mlccomponent@courts.mi.gov. See details regarding the training under the Rule 3a policy statements.

5(B). *Fees*

Applications for admission without examination must be accompanied by a money order, cashier's check, or certified check in the amount of \$800 made payable to the "State of Michigan" and a money order, cashier's check, or certified check in the amount of \$500 made payable to the "National Conference of Bar Examiners." Applicants may elect to pay the NCBE fee with a credit card by completing the credit card information on the NCBE site and including the verification of payment print out with the application materials. NCBE requires the payment verification print out regardless of the payment method. Once the application materials are sent to the NCBE, all funds are nonrefundable.

5(C). *Hearing*

A request for a hearing must be made in writing within 28 days of the letter notifying the applicant of that option. Waivers of the provisions of Rule 5(B) are for good cause only, which must be shown by clear and convincing evidence.

5(D). *Special Certificates*

Only one special certificate is issued at a time. A special certificate automatically expires when the current employment is terminated. If an attorney's new employment is also institutional, another special certificate will be issued upon receipt of proof of that employment.

5(E). *Special Legal Consultants*

Applicants for special legal consultant status under Rule 5(G) must write to the Board and request additional forms. Applications for a special legal consultant must be accompanied by a money order, cashier's check, or certified check in the amount of \$800 made payable to the "State of Michigan" and a money order, cashier's check, or certified check in the amount of \$875 made payable to the "National Conference of Bar Examiners." Applicants may elect to pay the NCBE fee with a credit card by completing the credit card information on the NCBE site and include the verification of payment print out with the application materials. NCBE requires the payment verification print out regardless of the payment method. Once the application materials are sent to the NCBE, all funds are nonrefundable.

5(F). *Military Spouses*

Military spouse admissions are governed by MCL 600.947 and MCL 600.947a and are subject to the same fees noted in 5(B).

Rule 6. Fees

The fees are as follows:

(A) an application for examination, \$400 and an additional fee for the late filing of an application or transfer of an application for examination, \$100; an application for reexamination, \$300;

- (B) an application for admission by transferred UBE score, \$400;
- (C) an application for recertification, \$300;
- (D) an application for admission without examination, \$800 plus the requisite fee for the National Conference of Bar Examiners' report.
- (E) Any fee for a Michigan law component as determined by the Board.

Certified checks or money orders must be payable to the State of Michigan. Online bar examination payments for first time takers must be paid by credit card.

Policy Statement

6. *Manner of Payment*

Unless otherwise noted, funds must be paid by money order, cashier's check, or certified check.

Rule 7. Exceptions

An applicant may ask the Board to waive any requirement except the payment of fees and the administration of the UBE. The applicant must demonstrate why the request should be granted.

Policy Statement

7. *Waivers of Rules.*

Waivers are granted for good cause only, which must be demonstrated by clear and convincing evidence. Carelessness, inattention, or willful disregard of the Board's processes does not constitute good cause. No motions for rehearing or reconsideration of Board decisions on requests for waivers will be accepted. Review is by complaint for superintending control filed in the Michigan Supreme Court. The Board does not issue advisory decisions.

Rule 8. Recertification

An applicant for recertification shall file an application and other material required by the Board. After a hearing the Board shall either recertify the applicant or require that the applicant pass the examination described in Rule 3. An applicant may use the Board's subpoena power for the hearing. An applicant who is an inactive State Bar member or who had previously voluntarily resigned from the State Bar or who previously elected emeritus status, and who has been employed in another jurisdiction in one of the ways listed in Rule 5(B)(5) is entitled to recertification by the Board.

Policy Statements

8-1. *Recertification*

Rule 3 of the Rules Concerning the State Bar of Michigan requires persons who have been on inactive status for three years or more to be recertified by the Board before the person can be reclassified as an active member of the State Bar. Such a person must demonstrate that he or she possesses sufficient ability and learning in the law to enable the member to properly practice as an attorney and counselor in Michigan. Persons not meeting that standard must take and pass the bar examination in order to be recertified. Applications for recertification can be obtained from the Board's website. The fee is \$300, payable by money order, certified check, or cashier's check.

8-1(A). *Completion of Michigan Law Basics online training.*

All recertification applicants must complete the Michigan Law Basics online training and submit a certificate of completion to the Board at mlccomponent@courts.mi.gov. See details regarding the training under the Rule 3a policy statements.

8-2. *Inactive Members of the State Bar*

An applicant for recertification who is an inactive State Bar of Michigan member and who has been employed in another jurisdiction in one of the ways listed in Rule 5(B)(5) will be recertified. Inactive members who have not been employed in another jurisdiction in one of the ways listed in Rule 5(B)(5) must demonstrate that they possess sufficient ability and learning in the law to enable the member to properly practice as an attorney and counselor in Michigan. The State Bar determines the amount of back dues that are required to be paid before readmission.

8-3. *Resigned or Emeritus Members of the State Bar*

An applicant for recertification who voluntarily resigned from the State Bar of Michigan or who voluntarily elected emeritus status, and who has been employed in another jurisdiction in one of the ways listed in Rule 5(B)(5) will be recertified. Such an applicant for recertification who does not meet the requirements of Rule 5(B)(5) must take and pass the bar examination.

8-4. *Recertification Hearings*

A hearing before the Board is only available if the Board initially denies the request for recertification based on the application and material submitted. The applicant has the burden of proving by a preponderance of the evidence that he or she possesses sufficient ability and learning in the law to properly practice as an attorney and counselor in Michigan. The Michigan Rules of Evidence are considered as guidelines but are not binding. All evidence is taken under oath before a court reporter. The applicant may be represented by counsel.

8-5. *Character and Fitness*

In cases where the applicant's license was suspended or revoked and has been reinstated subject to being recertified, the Board relies on the finding of the Attorney Discipline Board and does not inquire into the applicant's character and fitness, unless that finding is more than three years old. In that situation, the applicant is referred to the State Bar for a character and fitness determination. The applicant is allowed to take the bar examination while that review is being conducted. The Board does not consider applications for recertification before the Attorney Discipline Board has determined the individual is eligible for reinstatement. An applicant may file an application while there is a grievance pending against him or her in another jurisdiction, but the Board will not approve the application until any pending grievances are resolved. Favorable resolution of any such grievance does not bar the Board from referring the applicant to the State Bar.

If an applicant has not been cleared for reinstatement by the Attorney Discipline Board (ADB), the Board may require applicants who have been suspended for nonpayment of dues or who have been inactive for three or more years to complete the character and fitness clearance process. Applicants suspended by the ADB must submit the reinstatement order and opinion with the recertification request.

Statutes

MCL 600.922 Board of law examiners; membership, vacancies, officers.

“There is hereby constituted a board of law examiners consisting of 5 active members of the bar each of whom shall hold office for 5 years and 1 of whom shall be appointed by the governor on nomination by the supreme court on the first day of July in each year. Vacancies on the board shall be filled in like manner for the unexpired term. The president of the board is the member of the board whose term first expires. The board shall elect a secretary annually from its own membership. The clerk of the supreme court ex-officio is the assistant secretary and treasurer of the board. If a vacancy occurs in the office of president, the board may elect a president for the unexpired term from its own membership.”

Policy Statement

922-1. Executive Director and Assistant Secretary as Legal Counsel

The Executive Director and Assistant Secretary serve as in-house legal counsel and provide legal advice to the Board, perform legal research and summarize past practices of the Board. In his or her role as legal counsel, the Executive Director and Assistant Secretary make recommendations on agenda items. The Board considers all of its communications with the Executive Director and Assistant Secretary to be attorney-client communications and therefore privileged.

MCL 600.925 Board of law examiners; applicants for admission; rules and regulations.

“The board of law examiners has charge of the investigation and examination of all persons who initially apply for admission to the bar of this state. The board may adopt suitable regulations, subject to approval by the supreme court, concerning the performance of its functions and duties. Regulations adopted pursuant to this section need not be published pursuant to Act No. 88 of the Public Acts of 1943, being sections 24.71 to 24.82, inclusive, of the Compiled Laws of 1948, as amended. The board has the power of subpoena, and the authority to administer oaths, and to take testimony under oath, which may be exercised by any member of the board in cases of applicants for admission to the bar.”

Policy Statements

925-1. Communications with Board Members by Applicants and/or Their Representatives

The members of the Board of Law Examiners serve as factfinders and otherwise act as the final authority on numerous issues relating to applicants for admission to the bar. It acts as a body and therefore communication of any type with board members by an applicant or an applicant’s representative (legal or otherwise) relating to the applicant is not appropriate. Questions regarding the status of a matter, procedure, or other issue should be directed to the Executive Director. Members of the Board will not respond to communications except to refer the person to the Executive Director.

925-2. Disqualification of Board Members

When an issue of a board member’s disqualification is raised, either by motion or otherwise, the issue will be addressed using the provisions of MCR 2.003, relating to Supreme Court justices, as a guide.

925-3. *Motions and Subpoenas*

While the Board has subpoena power, it is not within its power to adjudicate discovery motions based on alleged noncompliance with those subpoenas. Applicants must seek judicial relief to enforce a subpoena. The Board does not entertain motions for summary disposition.

MCL 600.928 Board of law examiners; meetings, quorum.

“The board of law examiners shall meet at least once in each year at such times and places as the chairman shall determine for the purpose of investigating, examining, hearing, and passing upon the qualifications of applicants for admission to the bar, and to transact such other business as may come before the board. Three members of the board shall constitute a quorum. The action of a majority of the members present at a meeting at which a quorum is present shall be the action of the board.”

Policy Statements

928-1. *Board Meetings*

Board meetings are not open to the public.

928-2. *Meeting Agenda*

Due to the requirements of applicant confidentiality and because the agendas contain the Executive Director’s and/or Assistant Secretary’s recommendations as in-house counsel, agendas are privileged, not matters of public record, and not available for inspection.

928-3. *Minutes of Meetings*

The minutes of each meeting shall be prepared by the Executive Director and are to be approved at the next meeting. Board minutes contain privileged and otherwise confidential information and are not open to the public and are not available for inspection.

928-4. *Board Hearings*

The Board hears all matters de novo. The Michigan Rules of Evidence are not binding during hearings, and any rulings made by the Board before or during a hearing are final. At the discretion of the Board, a pre-hearing conference will be held between the Board’s Executive Director, State Bar counsel and the applicant or his/her counsel to determine the issues for the hearing.

MCL 600.931 Fees for admission to bar; compensation and expenses of board of law examiners.

“(1) The fees required to be paid by each applicant for admission to the bar must be paid to the board of law examiners, and must be deposited in the general fund for the restricted purpose of expenditures of the supreme court related to the administration of the board of law examiners.

(2) Subject to subsection (3), the fees described in this section are as follows:

- (a) The fee for applying for examination is \$300.00.
- (b) The fee for applying for reexamination or recertification is \$200.00.
- (c) The fee for admission without examination is \$600.00.
- (d) The additional fee for late filing of application or transfer of an application is \$100.00.
- (e) The fee for admission by uniform bar examination score transfer is \$400.00.

(3) The supreme court, by administrative order or rule, may increase the amounts prescribed in

subsection (2)(a), (b), or (c) within the following limits:

- (a) The fee for applying for an examination may be increased to not more than \$400.00.
 - (b) The fee for applying for a reexamination or recertification to not more than \$300.00.
 - (c) The fee for admission without examination may be increased to not more than \$800.00.
- (4) Each member of the board is entitled to receive compensation for his or her services as are authorized by the supreme court and appropriated by the legislature, and in addition the actual and necessary expenses incurred in the discharge of his or her duties as a member of the board. The expenses of the board must be paid upon certification by the supreme court pursuant to the procedures established by the supreme court.”
- (5) As used in this section:
- (a) “Uniform bar examination” means the examination as defined and administered by the National Conference of Bar Examiners.
 - (b) “Uniform bar examination score transfer” means the transfer to this state of a uniform bar examination score achieved in another jurisdiction for purposes of admission to the state bar.

Policy Statement

931-1. Fees

Fees for first time bar examination applicants must be paid online through a credit card as part of the application process. All other fees must be paid by money order, cashier’s check or certified check payable to the State of Michigan. All fees are nonrefundable and are not subject to waiver as set forth in BLE Rule 7.

MCL 600.934 Qualifications for admission to bar; “good moral character” defined; election to use multistate bar examination scaled score; disclosure of score.

- “(1) An individual is qualified for admission to the bar of this state if he or she proves to the satisfaction of the board of law examiners that he or she is a person of good moral character, is 18 years of age or older, has the required general education, learning in the law, and fitness and ability to enable him or her to practice law in the courts of record of this state, and that he or she intends in good faith to practice or teach law in this state. Additional requirements concerning the qualifications for admission are contained in subsequent sections of this chapter. For purposes of this subsection, good moral character is determined by the board of law examiners and 1974 PA 381, MCL 338.41 to 338.47, does not apply to that determination.
- (2) An individual may elect to use the multistate bar examination scaled score that he or she achieved on a multistate bar examination administered in another state or territory when applying for admission to the bar of this state, but only if all of the following are met:
- (a) The score that the individual elects to use was achieved on a multistate examination administered within the 3 years immediately preceding the multistate bar examination in this state for which the individual would otherwise sit.
 - (b) The individual achieved a passing grade on the bar examination of which the multistate examination the score of which the person elects to use was a part.
 - (c) The multistate examination the score of which the individual elects to use was administered in a state or territory that provides a reciprocal right to elect to use the score achieved on the multistate examination administered in this state to Michigan residents seeking admission to the bar of that state or territory.

- (d) The individual earns a grade on the essay portion of the bar examination that when combined with the transferred multistate scaled score constitutes a passing grade for that bar examination.
 - (e) The individual otherwise meets all requirements for admission to the bar of this state.
- (3) The state board of law examiners shall disclose to an individual who elects under subsection (2) to transfer the multistate bar examination scaled score achieved on an examination administered in another state or territory the score the individual achieved as soon as that score is received by the board regardless of whether the individual could have obtained that score in the jurisdiction in which the examination was administered. This subsection does not require disclosure by the board of the score achieved on a multistate bar examination administered in another state or territory until the scores achieved on that examination administered in Michigan are released.
 - (4) An individual who elects to use a multistate bar examination scaled score as described in subsection (2) shall not receive a portable uniform bar examination score.
 - (5) As used in this section:
 - (a) “Portable uniform bar examination score” means a uniform bar examination score achieved in another jurisdiction for purposes of admission to the bar that meets this state’s multistate bar examination minimum passing score as established by the board of law examiners.
 - (b) “Uniform bar examination” means the examination as defined and administered by the National Conference of Bar Examiners.”

Policy Statements

934-1. *Good Moral Character, Fitness and Ability*

See BLE Rules 1 and 2, and MCL 600.934.

934-2. *Transfer of Multistate Bar Examination Score*

In some situations, applicants are allowed to transfer a scaled score from a multistate bar examination administered in another jurisdiction.

- a. That exam must have been taken within three years immediately preceding the exam the applicant wants to transfer the score to.
- b. The applicant must have passed the exam of which the MBE score the applicant seeks to transfer was a part.
- c. The jurisdiction from which the score is to be transferred must accept a Michigan MBE score for persons seeking admission to the bar of that jurisdiction. The other jurisdiction does not need to accept Michigan scores in every situation that Michigan accepts its scores, although if the other jurisdiction only accepts scores from concurrent examinations, Michigan will accept scores from that jurisdiction only from concurrent examinations.
- d. The MEE and MPT answers of an applicant are graded and the combined score must constitute a passing score, regardless of the MBE transferred score.
- e. The results earned by an applicant who transfers an MBE score to Michigan are not a

portable UBE score. The results are only for admission to the Michigan bar.

934-3. *Timing of Request for Transfer*

Applicants are responsible for having information from another jurisdiction certified to the Board of Law Examiners. Applicants must notify the Board by mail—faxes and emails are not accepted—no later than May 15 for the July examination and December 15 for the February examination. This written notice of intent to transfer an MBE score is a necessary precondition to perfect the right to transfer an MBE score to Michigan.

MCL 600.935 Uniform bar examination; requirements; alternate examination; “uniform bar examination” defined.

“(1) An individual may elect to use the uniform bar examination score that the individual achieved on a uniform bar examination administered in another state or territory when applying for admission to the bar of this state, if all of the following occur:

- (a) The score that the individual elects to use was achieved on a uniform bar within the 3 years immediately preceding the uniform bar examination in this state for which the individual would otherwise sit.
- (b) The score that the individual elects to use meets the passing uniform bar examination score for this state set by the board of law examiners.
- (c) The individual otherwise meets all requirements for admission to the bar of this state.

(2) The board of law examiners, in its discretion, may administer in conjunction with the uniform bar examination a Michigan-law-specific component as part of the requirements for admission to the bar of this state.

(3) In the event of a national or state emergency, the board of law examiners, in its discretion, may administer an alternate examination consistent with the standards for entry into the bar of this state. If the alternate examination does not meet the portability requirements of the uniform bar examination, the board of law examiners may enter into reciprocal agreements with other uniform bar examination states to provide for agreed-upon score portability between those states and this state.

(4) The requirement that the board of law examiners accept a uniform bar examination score from another state is not effective until this state first administers the uniform bar examination.

(5) As used in this section, “uniform bar examination” means the examination as defined and administered by the National Conference of Bar Examiners.”

Policy Statement

Policy Statement 935-1. *UBE Score Transfer. Character and Fitness.*

Applicants are responsible for requesting NCBE transfer their UBE scores to Michigan and for following all of the instructions in the application. Applicants must complete the character and fitness application and process through the State Bar of Michigan and choose the option for Admission by UBE Score Transfer.

MCL 600.937 General education requirements.

“Every applicant for admission to the bar is required to have completed successfully prior to commencement of his legal education at least 2 years of study, consisting of not less than 60

“semester hours” or 90 “quarter hours” of study in courses for which credit towards a collegiate degree is given, either in an accredited college authorized under the laws of the state in which the college is located to grant collegiate degrees, or in a junior college or other school from which students who have successfully completed such 2 years of study are accepted as regular third-year students by any accredited college in this state that is authorized by law to grant collegiate degrees.”

Policy Statement

937-1. *General Education Requirements*

See BLE Rule 1.

MCL 600.940 Legal education requirements; military service.

“(1) Every applicant for examination is required to be a graduate from a reputable and qualified law school duly incorporated under the laws of this state or another state or territory, or the District of Columbia, of the United States of America.
