Comment:

I support the changes to MCR 4.201, the eviction case court rule, that the Supreme Court has proposed. I encourage you to adopt these changes. There has not been nearly enough attention in the past given to protecting tenants' rights to and to protect them from eviction. This amendment doesn't solve all the tenants' problems, but it's a long overdue step in the right direction..

These changes do not go far enough, but they give tenants more time and information during an unprecedented housing crisis. I support the use of remote technology and pre-trials in eviction proceedings I support MCR 4.201 (B)(3)(c) because landlords should be required to follow the law if they want to leverage the court to evict tenants. Disregard the landlord industry's harmful comments, adopt the proposed changes, and do everything in your power to protect the rights and lives of tenants.
