Comment:

I support this common sense rule that prevents arrests of individuals attending court. All individuals have a right to due process and to attend legal matters safely and without fear. All citizens will be safer if this rule is passed. Immigrants have rights, too, and may even be testifying for a crime that occurred such as human trafficking or other problems. Or they may simply be following the legal rules related to their immigration status. Please adopt this rule for the state of Michigan. Thank you.
