STIPULATED ORDER RESOLVING FINAL ISSUE IN THIS CASE

The Court entered a stipulated consent judgment in this case on July 31, 2021, and entered a stipulated order dismissing the case on August 10, 2021. The Court closed this case that same day.

Plaintiff filed a motion to enforce the consent judgment on May 31, 2023. The Court denied the motion, and the Court of Appeals reversed and remanded the motion. The pending motion is the last pending issue in this case. The Court directed the parties to submit additional briefing on the motion and scheduled an

evidentiary hearing for March 16, 2026. On March 3, 2026, the Court, on notice that the parties had nearly finalized a resolution of the dispute, entered an order adjourning the March 16, 2026 hearing. The parties have now resolved the dispute. Plaintiff withdraws his May 31, 2023 motion. The last pending issue in this closed case is now fully resolved.

IT IS SO ORDERED.
