COURT OF CLAIMS

KEVIN WILLIAMS,

Plaintiff,

v

Case No. 25-000129-MM

DR. LACY (CMO),

Hon. James Robert Redford

Defendant.
_____ /

ORDER DENYING MOTION FOR RECONSIDERATION

Plaintiff asks the Court to reconsider the October 28, 2025 order dismissing his action. Plaintiff's action was dismissed because the Court did not receive his amended, verified complaint within 14 days of entering the order to show cause. The Court acknowledges that plaintiff mailed the amended complaint in a timely fashion and that the delay was likely the responsibility of the either the prison mailroom or the United States Postal Service. However, the return of service filed with the Court was invalid because it was not signed and dated. Accordingly, plaintiff cannot demonstrate that he served defendant. The summons expired on November 4, 2025, and the error in service can no longer be remedied. The Court DENIES plaintiff's motion for reconsideration without prejudice to plaintiff filing a new action in this Court. This is a final order resolving all issues in this case.
