ORDER DENYING RECONSIDERATION

On October 9, 2026, the Court dismissed plaintiff's action for failure to remedy a verification deficiency under MCL 600.6431(2)(d) and MCL 600.6434(2) of the Court of Claims Act as directed by the Court's September 28, 2026 Order to Show Cause. On October 14, 2026, plaintiff filed a "formal objection to void administrative dismissal." Plaintiff did not seek reconsideration of the Court's order or relief from judgment under the Michigan Court Rules but the Court will review the objection as a motion for reconsideration pursuant to MCR 2.119(F). The Court discerns no palpable error and DENIES plaintiff's motion.
